**HOW TO PREPARE FOR THE COMPETITION:**

If you do not have a Private Lesson Instructor at this time, speak to your Basic Skills Instructor. They are already familiar with your current skating skill, and offer a great path to begin your planning for competition preparation. If you are not currently enrolled in our Learn to Skate USA Classes, please see the Private Lesson Brochure, to find a coach to guide you. You will then need to arrange a few lessons to prepare your choreography for competition program preparation. Your Instructor will guide you in the items needed for competition, ie. Number of lessons, attire for the event, and will be at your competition event to help you along. (Be sure to ask your instructor what their coaching fees are for your lessons, and for the competition event)

If you need assistance in finding a coach to meet your needs for this event, please contact:  
Jenny Wesley Gwyn, Skating School Director/Competiton Coordinator @ [jennyg@xicenter.com](mailto:jennyg@xicenter.com)

*Director may be reached at the Extreme Ice Center: (704)882-1830 during business hours.*

## *ELIGIBILITY RULES FOR PARTICIPANTS*

The competition is open to ALL skaters who are current members of either Learn to Skate USA and/or those who are full members of U.S. Figure Skating. Members of other organizations are eligible to compete but must be a current registered member of Learn to Skate USA or a full member of U.S. Figure Skating. There will be no more than six competitors maximum in an event, and all six should receive an award.

### *ELIGIBILITY AND TEST REQUIREMENTS:*

Eligibility will be based on skill level as of closing date of entries. All Snowplow Sam and Basic 1-6 skaters must skate at highest level passed or one level higher, and NO official U.S. Figure Skating tests may have been passed, including moves in the field or individual dances.

For the Pre-Free Skate, Free Skate 1-6, Adult and Adaptive levels, eligibility will be based only upon highest badge level or free skate test level passed. Skate United skaters have the option to compete in the standard track or Skate United badge levels; accommodations may be made upon request. Moves in the field test level will not determine a skater's competitive level. Skaters may skate at highest level passed OR one level higher but not both levels in the same event during the same competition.

It is very important to the success of the competition that skaters are placed in the correct divisions. If, for whatever reason, the local organizing committee (LOC) discovers that a skater has been placed in a category below his/her badge or test level, the chair and referee will have the option to move the skater into the proper level, even if it is the day of the competition. This will ensure that every event is as fair as possible to the competitors. It is an ethical violation for coaches to sandbag an event.

## *ELIGIBILITY RULES FOR COACHES/ INSTRUCTORS*

Compete USA Competition - it is important that each coach/instructor is verified for compliance - this is for each coach/instructor who plans to coach onsite at the event.

For credentials at a Compete USA event, coaches/instructors are required to have:

- Learn to Skate USA instructor compliant
- OR
- U.S. Figure Skating coach compliant

If a coach/instructor attempts to work at event without the proper credentials, he or she is in violation of U.S. Figure Skating ethics and code of conduct rules and, as such, is subject to disciplinary action.

# Competitive Progression Through the Levels of U.S. Figure Skating

Singles athletes begin with the Compete USA competitions. Once athletes begin the official U.S. Figure Skating test structure, they can choose to enter the Excel, Well-Balanced or Adult levels as appropriate for their ability, test, level and age. Test requirements are the same for the Excel and Well-Balanced levels. It is completely the choice of the athlete which track to follow; athletes may switch between tracks as best suits their development, but may not enter the same type of event in multiple tracks. Competitive level is determined by highest free skate test passed.

## Showcase Events

Showcase events are open to skaters in the Basic and Free Skate, and adult bronze levels. Groups will be divided by number of entries and ages if possible. Skaters must enter at the same level as their free skate event. If a free skate event is not being entered, skaters must enter at their current test level or one level higher.

Show costumes are permitted if they do not touch or drag on the ice. Costuming and make up for showcase programs should enhance the feeling created by the performance and reflect the meaning of the story or theme. Ornaments and hair accessories must be secure. No bobby pins, feathers, hair accessories or anything else that may fall to the ice and be hazardous to the skaters are allowed. (a 0.1 deduction will be taken). Props and scenery must be placed and removed by unaided singles and duet competitors within one minute on and off and by unaided ensemble contestants within two minutes for setup and two minutes for removal. A 0.1 deduction will be assessed by the referee against each judge's mark for every 10 seconds in excess of the time allowed for the performance, for handling props and scenery and for scenery assistance.

Performances will be judged from an entertainment standpoint for theatrical qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements. Unintended falls, poorly executed skating elements and obvious loss of control will reduce contestant's marks. Jump difficulty is not rewarded in showcase; therefore jumps, if choreographed, should be performed with style, flow and confidence. Theatrical elements evaluated will include energy, poise, acting, pantomime, eye contact, choreography, form/extension and the use of props and ice. The 6.0 judging system will be used. Deductions will be made for skaters including technical elements not permitted in the event description.

*\* For specific guidelines regarding the conduct of showcase competitions, refer to the nonqualifying showcase guidelines posted on [usfigureskating.org](http://usfigureskating.org).*

Showcase categories may include:

- Levels can be subdivided or combined, if necessary, depending on entry numbers and event set up to ensure performances are contested as per the guidelines.
- Dramatic entertainment: Programs should express intense emotional connection and investment in the music, choreography and theme concept through related skating movements, gestures and physical actions. The entire gamut of emotions may be expressed including intense joy and/or introspectiveness. Dramatic programs should not be depressing. Even if the emotion is sadness, there should be an enlivened feeling given to the audience.
- Light entertainment: Programs should express a carefree concept or storyline designed to uplift and entertain the audience through related skating movements, gestures and physical actions.
